### RISK DISCLOSURE

CFDs and FX are complex instruments and come with a high risk of losing money rapidly due to leverage. You should consider whether you understand how FX and CFDs work and whether you can afford to take the high risk of losing your money. Trading derivatives is risky. It isn't suitable for everyone and you could lose substantially more than your initial investment. You don't own or have rights in the underlying assets. Past performance is no indication of future performance and tax laws are subject to change. The information on this website is general in nature and doesn't take into account your or your client's personal objectives, financial circumstances, or needs. Please read our Terms&Conditions, Privacy policy and all other applicable documents to ensure you fully understand the risks before you make any trading decisions.
